## MUTINOUS SAILORS BOMBARD ODESSA

Reign of Terror Results---Quays are in  
Flames---People Fleeing.

Four Hundred Men Arrested---General Marmusoff  
Assassinated at Lodz.

London, June 29.—Dispatches from St. Petersburg say that it is rumored there the crews of the ships of Admiral Kruger's squadron which left Sevastopol Saturday, supposedly for Odessa, followed the example of the sailors of the *Kniaz Potemkin*, and seized the ships after killing the officers. The admiral cannot confirm the rumors.

### 1,000 KILLED AND WOUNDED.

London, June 29.—The Odessa correspondent of the evening Standard telegraphs that Russian troops showed no restraint when ordered to fire on the strikers. It says a thousand innocent onlookers must have been killed and wounded during the firing. The Black Sea squadron is expected anytime. In that event it is expected a naval battle will be fought with the mutineers on the *Kniaz Potemkin*.

Berlin, June 29.—The correspondent of the Zeitung at Odessa telegraphs that the mutinous crew of the *Kniaz Potemkin* began a bombardment of the city this morning. The harbor works have been badly damaged, according to the correspondent.

### Quays in Flames.

Odessa, June 29.—All the quays and buildings around the harbor were last night in flames and mobs of incendiaries prevent the firemen approaching. Troops are afraid to approach within range of the guns of the Potemkine. Mutineers fired a warning shot, killing four Cossacks and wounding seventeen. The mutineers have seized a steam collier.

### A Reign of Terror.

St. Petersburg, June 29.—Alarming reports have reached here from Odessa to the effect that a provisional government has been established, and a reign of terror prevails among the peaceful citizens who fear for their lives. Private dispatches have been stopped by the censor, and no authentic news is obtainable.

### General Marmusoff Assassinated.

Berlin, June 29.—According to the Morgen Post General Marmusoff, commander of the troops at Lodz, has been assassinated. Rebels attacked the general while he was driving through the city according to reports and after dragging him from the carriage, stabbed him to death.

### Attempt to Assassinate.

Warsaw, June 29.—The news of the revolt of the crew of the battle ship *Kniaz Potemkin*, and the arrival of the vessel at Odessa, became known here last night by a private message which escaped the censor. The news spread rapidly and meetings of the socialists were quickly called which turned into jollification gatherings.

A third attempt to assassinate the chief of police of Czenstochau was made last night, when a bomb was thrown at the official as he was riding through the streets. The horses were blown to pieces and the vehicle wrecked. The coachman was badly injured, but the police chief escaped injury.

### Over 400 Arrests Made.

St. Petersburg, June 29.—The latest news from Odessa is to the effect that the strike is spreading rapidly, and nearly all the workingmen in the city are now out. The police are active in arresting the leaders, and have taken into custody over four hundred men charged with being instigators of the disturbances.

### Russians to Bombard Lodz.

Viennt, June 29.—A dispatch from Lodz says the authorities there have threatened to bombard the town in case there is any further firing on the police or troops by the strikers.

### Father John Banished.

Berlin, June 29.—The Morgen Presse states that the czar has banished Father John of Cronstadt, to the Monastery, located at a desolate point on the White Sea. The decree was issued according to the paper as a punishment for alleged gross immorality on the part of Father John, and for irregularities in his affairs recently discovered. Father John is idolized by the peasants, many of whom believe him divine.

### Russia Withdraws Troops.

St. Petersburg, June 29.—Advices have reached the general staff of the withdrawal from Vladivostok of three regiments of infantry, and cavalry and artillery, to the number of 12,000 men. This is part of a rearward concentration necessitated by the advance of Gen. Hasegawa's sixth Japanese army across northeast Korea from the Tumen river. Gen. Hasegawa's force has developed unexpected strength, numbering over

HAD NO RIGHT  
To Tear Up the Street, Judge Sanders Decided.

The Paducah City Railway Co. was this morning fined \$10 and costs in police court for tearing up the bitulithic street at Sixth and Broadway without a permit from the proper authority.

Mayor Yeiser, Supt. Gus Thompson, of the street car company, and one or two other witnesses were heard and Mr. Thompson testified that the street was torn up by permission of Mr. Saunders Fowler, secretary of the board of public works. Mr. Fowler does not think it necessary for the company to secure a permit from anyone, while Mayor Yeiser thinks it is and says if the permission was granted by Mr. Fowler it was not legal. The court decided that the company was guilty of a breach of ordinance and fined it \$10 and costs.

There is still another warrant pending against the street car company for refusing to stop a car at Fourth and Jefferson streets for Mr. James E. Wilhelm and this has been set for Monday.

The street car company will not appeal the fine assessed today, although there is some question as to its right to tear up the streets without a permit. Several corporations here claim that they have a right to tear up the streets as often as it is necessary in their business, without securing a permit, but the question has never been settled by the courts.

### A DIVIDEND

Is Declared by Directors of the Paducah Real Estate Investment Company.

The board of directors of the Paducah Real Estate Investment Co., met in the company's general offices in the Fraternity building this morning at 11 o'clock and declared a 3 per cent. dividend on full paid stock to June 26th, the dividend payable July 15th. The balance will go to the credit of the reserve fund.

The earnings of the company have in the past six months doubled the reserve fund. The company is doing a very profitable business.

### RECRUITING OFFICE

Will Be Opened in Paducah Saturday.

A recruiting office will be opened in Paducah next Saturday under the charge of Louis R. Jacobs, of the General Recruiting service. Sergeant Noyes, in charge of the local station secured two new recruits and Capt. H. J. Price of the Second Infantry, is expected today to swear them into Uncle Sam's service.—Cairo Bulletin.

### NO FOUL PLAY.

Coroner's Jury Decided It Was a Case of Premature Birth.

Coroner James Crow was last night about 10 o'clock called to the home of some colored people near Sixth and Madison streets, back of the Seabrook home, to investigate the death of a child of Mary Van Bauschhead, colored. He impaneled a jury and heard the evidence, and it developed that the child was prematurely born. The coroner buried the remains today.

### GYPSIES STEAL EIGHTEEN CHILDREN.

Budapest, June 29.—Twenty members of a gypsy band have been arrested, charged with cannibalism. They are alleged to be traveling through the country stealing children, whom they killed and ate. Eighteen children have disappeared along their route.

### HOT FIGHT.

A Number of German Officers and Men Killed.

Capetown, June 29.—The German garrison at Karriesberg, German Southwest Africa, has been engaged in a fight with the Hottentots for ten hours. The natives, under Gen. Maringo, surprised the garrison, which was at a great disadvantage. Fourteen officers and eighty men of the garrison were killed.

### HARVARD WON TWO.

New London, Conn., June 29.—Harvard defeated Yale in the four oared varsity, and freshmen eight boat races this morning.

## FIRST PAVING WAS UNDER OLD CHARTER

Property Owners Can Not Now be Made to Pay for Sewers.

More About Sanitary Condition—City Clerk Bailey's Vacation Next Week.

### AND OTHER MUNICIPAL NOTES

City Solicitor Ed. Puryear, it is said, thinks that suit could be brought by the city against property owners along streets already paved, for half the cost of the storm water sewerage. That is, on all the streets paved since the second class charter went into effect. This would not include Broadway from First to Fifth, which was paved under the third class charter.

One gentleman writes the Sun as follows:

"I notice where the solicitor is quoted as saying that property owners along Broadway and other streets can be sued for half the cost of storm water sewerage. He does not, according to the way he is quoted, exclude Broadway from First to Fifth, which was paved several years ago under the third class charter. If he knows anything about the charters, he must know that under the Third class charter all street reconstruction is paid for by the city, and if this storm water sewerage is a part of the street as he claims, is was properly paid for by the city at that time, as the city had to pay for all street reconstruction under the old charter and property owners cannot be made to pay for it now. Certainly now that there is a new charter the city cannot go back several years and try to collect for something that was properly done under the charter in effect at that time."

The street car company today began laying rails on South Third street and will keep right up with the contractors hereafter in excavating for its track and laying rails.

City Clerk Henry Bailey will leave on July 8th for a ten days' vacation, and desires that all saloon men come up and pay the last half of their license at once. This will be a great benefit to the clerk and will also save the saloon men complications. All license have to be in by July 1st, so they can come before the legislative boards at the first meeting in July and Clerk Bailey desires to have everything as straight as possible before his departure.

Dr. J. W. Pendley, president of the board of health, stated this morning that he would applaud every effort of the press and public to better the sanitary conditions of Paducah, and that the Sun, in endeavoring to secure better results was aiding the board of health very materially in improving the general sanitary conditions of Paducah.

"You see as long as the council has control of the inspectors, the board of health can do nothing," he said.

If the management of the inspectors were placed in the board's hands the members could see that the city was cleaned up as it should be cleaned. While we have no fault to find with the inspectors, we desire that matters we call attention to be investigated. Several very bad nuisances which have been inspected, notices given and a failure to remedy noted, should be carried into the courts. While I am not in a position to state positively, I have been told that no warrants have been issued for several nuisances which have existed for some time."

It seems from reports that a number of people, including city officials, have called the attention of sanitary officers to nuisances in various places and that is the last heard of it. The nuisances remain, and no warrant is ever sworn out, or any notice whatever taken of the conditions.

The board of health is very anxious to get control of the sanitary inspectors so it can have the work it desires done, but there seems to be no prospect of it at present.

City Treasurer J. J. Dorian will keep his office open tonight, tomorrow and Saturday night for the convenience of the taxpayers.

The June bride now occupies the center of the stage.

### NEGRO RELEASED.

Jury Would Not Punish Him When the Alleged Principal Went Free.

Lexington, Ky., June 29.—The jury in the case of Louis Mitchell, the negro charged with attempting to poison the family of Judge James H. Mulligan last fall, returned a verdict of not guilty.

The only testimony introduced this morning was the sworn confession of the negro made just after his arrest, in which he accused James J. Mulligan as being the instigator of the crime, and it was evident the jury were not inclined to convict a tool when the real principal to the alleged crime was permitted to go unpunished.

Had it not been for the warning given by the negro after he had placed the arsenic in the food perhaps the entire Mulligan family would have been victims of the death-dealing substance, as they were in the act of partaking of the salmon in which the arsenic had been baked when the negro Mitchell weakened and confessed that he had put the poison in the dish.

### CHICAGO EXCURSION.

Illinois Central Will Run Its Special Train On August 22nd.

Hundreds of Paducah people have been asking when the Illinois Central would run its annual excursion out of Paducah to Chicago. Today the local officials are able to answer the question.

The Chicago excursion this year will be run out of Paducah by special train on August 22nd. The round trip will cost but \$5.

Every year hundreds of Paducah people wait for their vacation until this trip is offered by the Illinois Central, and judging from inquiries that have been made the crowd will be larger than ever this summer.

Complete details will be given in due time by the railroad.

### THREE CREMATED.

Hotel Burned at Licking, Mo., Today.

Licking, Mo., June 29.—The Collier hotel here was burned last night. Mrs. Shep and little daughter, and an unknown traveling man were cremated.

### NECROLOGICAL

DEATH OF MRS. ELROD IN THE COUNTY—A DEATH IN CITY.

Mrs. Edward Sellars Dies After a Long Illness—Delon Alcock Dead.

Mrs. Sally Elrod, aged 65, died yesterday at her home in the Mason section from paralysis, which attacked her several months ago. She was wife of J. M. Elrod and stepmother of John, Bud and Jeff Elrod, of Paducah. The funeral took place this morning, burial at Johnson cemetery.

Mrs. Edward Sellars, aged 35, died last evening at 7 o'clock from consumption of the bowels at her home at Fourth and Tennessee streets. Mr. Sellars is the carpet man at the Rhodes-Burford establishment. The deceased leaves besides a husband, several children. She was an estimable Christian lady and had lived in Paducah for many years.

Mr. Delon Alcock, aged about 70, died yesterday at his home in the county from old age, leaving a family to mourn his loss. The funeral took place yesterday afternoon.

Druggist Jesse C. Gilbert and wife are the happy parents of an eight pound boy, born this morning.

## THE SUPREME COURT AFFIRMS SENTENCE

Only One More Chance for Young James Ezell.

His Case Passed On by the Supreme Court of the State of Pennsylvania Today.

### ATTORNEY CORBETT NOTIFIED.

Louisville, Ky., June 29.—Attorney Hal S. Corbett, of Paducah, who is in Louisville, was today apprised by a telegram from Philadelphia, that the supreme court of Pennsylvania had upheld a verdict of the lower court in the case of James W. Ezell, sentenced to death.

Young Ezell is a son of W. W. Ezell, a prominent merchant of Mayfield, and left his home four years ago and secured a position as telegraph operator at Uniontown, Pa. Here he met William Porter, yardmaster of a railroad, and they became friends until about a year ago, when after an altercation Ezell killed him. Ezell admitted the killing, but claimed self-defense.

Arrangements will be made at once to take the case before the state board of pardons and strong efforts will be made to save young Ezell's life. Mr. Corbett is very hopeful of success. The order of Railway Telegraphers is enlisted in the movement in Ezell's behalf.

### NOTHING TO SAY.

Says Chief Engineer Wallace About Reports.

New York, June 29.—Engineer Wallace, Panama canal commissioner, refuses to say a word about the situation or his relations with the administration. The reason for this, in his own words, is "The situation is so great I cannot afford to be quoted in any shape, or manner." Mr. Wallace is said to feel that the canal can never be built within the present century if departmental interference is allowed to hamper those on the ground.

### USED SLEDGE HAMMER.

On an Opponent at Smithland Ice Cream Supper.

Smithland, Ky., June 29.—Harvey Clements is in a critical condition at his home near here as the result of a fight with Louis Hill, his neighbor, at an ice cream supper. Both are about twenty-one years old. Clements was severely beaten with a sledge hammer and several bones were fractured. The fight culminated from a hat trade two years ago.

### ANOTHER FLYER WRECKED.

Atwater, O., June 29.—One person was killed and fifteen injured when the Pennsylvania flyer, eastbound, jumped the track near here today.

#### Paducah Takes the First.

Henderson, Ky., June 29.—The series with the Indians opened very auspiciously for the Hens yesterday, the game being lost to the visitors by a very lopsided score. Honors in the matter of hits were even and eight great big fearful errors by the local bunch allowed the majority of the scores for the Scalp Lifters to cross the plate. Manager Pitcher Kubitz pitched for the Hens and allowed eight hits which were, on one or two occasions, bunched for runs. Young South was on the firing line for the Indians and he also allowed eight safe ones, but they were well scattered in all instances but one and brought in only a single run. It is generally conceded, though, that he would have had a tough time to win his game had it not been for the numerous errors behind Kubitz.

#### The Hoppers Beat Alice.

Vincennes, Ind., June 29.—The locals started out with four runs in the first inning, and it looked like a defeat for Hopkinsville, but the Lunatics came back strong and won the game. The summary:

Hopkinsville, . . . . .	9	8	4
Vincennes, . . . . .	4	5	6
Batteries—Simpson and Rutledge; Young, Boylan, Lemon and Forney.			

#### Cairo Badly Whipped.

Princeton, Ind., June 29.—The locals gave the Tadpoles an awful defeat yesterday afternoon. The summary:

	R	H	B
Cairo . . . . .	1	4	0
Princeton . . . . .	7	8	2
Batteries—Bittrolf and Dunn; Akers and Downing.			

Princeton and Hopkinsville don't care if they are on the tall end since they smashed all records with that 21-inning game. The Princeton Democrat says: "The Hopkinsville-Princeton game will go down in history of baseball as one of the most remarkable games ever played by any

league club. The greatest number of innings played last season was 20 between Henderson and Cairo at Henderson. The greatest number of innings played in the major leagues last year was 16, between Boston and St. Louis. Three hours and ten minutes constant playing is certainly the record for the United States for several years in the past, and in that time the clubs played innings sufficient for two and one-half games."

Red Bohannon is batting like a house afire this season and fielding brilliantly. He sent cold chills down the backs of spectators yesterday every time he faced Witt. However, both of his two baggers resulted from Boylan's bad judgment.—Vincennes Capital.

Percy Wilder, Wagner and Larsen, three old Kitty league stars, have gone to the bad. Good-bye, may the outlaw leagues treat you well...Gus Bonno, a pitcher with Paducah last season, has signed with Vincennes and reports there Thursday night.—Henderson Gleaner.

Freeman pitched Evansville to victory again Tuesday against South Bend, the score being 1 to 0. They got but three hits off him.

The Kolite outfit yesterday consisted of Pitcher Witt, Catcher Forney and Infelder Mitchell, but still Paducah could not win. The Indians seem to have their dobers down.—Vincennes Capital.

**Amateur Game.**  
The N. C. & St. L's. defeated the Belvedere's this morning by a score of 9 to 6. Batteries, N. C. & St. L's., Gallagher, Carroll and Gockel; Belvedere's, Tratham, Bagby and Endress.

#### Attempt to Draw Ball Players Into Lebo Union.

Detroit, June 2.—An attempt is being made to organize an International Union of Professional Baseball players affiliated with the American Federation of Labor, according to letters received today by members of the Detroit American League baseball team. The letters are signed by Herman Robertson, organizer of the American Federation of Labor, and say that it is intended that the proposed association shall be known as the International Association of Professional Baseball players in the United States and Canada. A membership application accompanied each letter. The letter say that the American Federation of Labor is to pay the expense of organizing the new union.

### TOBACCO NEWS FROM THE DISTRICT

#### Good Rains Help the Plants in Many Places.

Western Tobacco Journal Confirms Government Report of Clarksville, Tenn., District.

#### MAYFIELD TOBACCO MARKET

From our correspondence this week we find on the first day of the week a heavy soaking rain fell over particular districts of the dark tobacco country, which enabled farmers to complete very generally intended plantings, and replant in cases where plants had been destroyed says the Western Tobacco Journal.

From Henderson, Ky., we hear the heavy rains were rather partial in that county, with light rains only in some districts. With cloudy and partly cool weather all last week the growing crop has made good progress, besides being favorable for plants set out lately. It is estimated that only a small percentage of the crop is yet to plant.

In Owensboro district rains have been generally light, although in some places enough to enable further planting to be done, and indicating that the amount of the intended crop already planted to be 95 per cent., showing an increase over that of last year. Crop is looking and doing well. About seventy loads of tobacco sold at auction with no special change.

From Clarksville, Tenn., we understand that a heavy rain fell there last week, enabling farmers to complete plantings and replantings. Growing crop doing well, with every indication of an increase of 15 to 20 per cent. in acreage over last year, notwithstanding the reports of the Growers' Association that the acreage has been largely reduced. Our information confirms that given out by the United States department of agriculture that the acreage will be increased about 20 per cent. this year.

Paducah sends a similar report. Springfield, Tenn., reports 20 per cent. of the intended crop now in the field and looking well. Showers have fallen, with prospects for more. The pledged farmers of the Growers' Association are very much displeased that so little has been done or is doing in disposing of their prized tobacco.

From Madisonville, Ky., we hear good rains fell in that district this last week, but too much for bottom lands, where that which was planted was destroyed. It is said not much tobacco was set out owing to plants being overgrown, so that the prospect stands about as reported last week, but that probably all of the intended crop is now in the field.

The outlook for the growing burley is very promising. As a whole the crop has been set out under the most favorable conditions and earlier than usual. As to acreage the general opinion prevails that there is an increase over 1904, but as to yield that is a question for the future to determine. The estimated increase acreage ranges from 10 to 25 per cent.

#### Mayfield Market.

The market this week was all out for low grade tobacco and bugs brought nearly as much as the leaf offered. Thirty-eight hogsheads of bugs were sold at an average of \$4.42 per hundred and 243 hogsheads of leaf were sold at an average of \$5.63 1-2 per hundred. There were no buyers for fine leaf and we find that the rehandles are shipping their best grade of leaf to Hopkinsville and Clarksville.

This week last year 233 hogsheads of leaf sold for \$4.97 per hundred and 49 hogsheads bugs at \$3.59 per hundred.—Monitor.

#### A Block of Lots.

A great deal of money has been made by buying a block or more of lots for cash and retailing them out at a handsome profit on easy terms. We have a block of eleven lots that we will sell for \$150 each or \$1650 cash and we will absolutely guarantee a profit of 25 per cent in twelve months. The closest investigation invited.

### TO HAVE EXPERTS

HOME PURCHASING BOOKS TO BE THOROUGHLY EXAMINED.

Controversy Over the \$500 Bond Has Not Been Settled Finally Yet.

The only late developments in the Home Purchasing case is that Receiver F. G. Rudolph has decided to put experts to work on the books and have them thoroughly examined. If the books do not show the company's transactions, papers, receipts and other papers held by the contract holders will probably be used to show how much money was paid in, and the company will then be compelled to show what went with it.

It is desired to have former Manager J. S. Bordeaux here, and a request, it is understood, has been made of Chief of Police Collins to get him. It is understood that the chief knows where Bordeaux is, and will get him if he is wanted. At present, however, there is no charge against him except that of being agent for a company doing business without a license, and he probably could not be extradited on this charge. Hence, if he is wanted some charge of a more serious nature will doubtless have to be preferred.

The affairs of the company are now practically at a standstill. The first thing for the receivers to do was to take charge of the company's assets, and it seems to have had none left with the exception of a few thousand dollars, principally in mortgages, etc. The receivers must now determine what went with the remainder of the \$45,000 or more collected by the company. If the books do not show this, some other means will have to be employed in order to locate it.

The question of disposing of the \$500 bond given for J. S. Bordeaux's appearance in the police court, has not yet been settled. Receiver Felix G. Rudolph thinks since he has made an investigation that the \$500, which was put up by W. C. O'Bryan, was the latter's own money. Others claim that O'Bryan was indemnified—by \$500 of the Home Purchasing company's money given him in place of the \$500 put up for Bordeaux's appearance to answer the charges preferred against him in police court.

The question will be finally settled Saturday when Judge Sanders hears all concerned and orders Chief of Police James Collins what to do with the \$500, which he is still holding.

#### His First Charge.

A Missouri paper says that a new judge arose to charge a jury and spoke as follows:

"Gentlemen of the jury, charging a jury is a new business to me as this is my first case. You have heard what the learned counsel for the what the learned counsel have said. If you believe what the learned counsel for the plaintiff has told you your verdict would be for the plaintiff, but if, on the other hand, you believe what the defendant's counsel has told you then you will find a verdict for the defendant. But if you are like me and don't believe what either of them said, then I'll be blamed if I know what you'll do. Constable, take charge of the jury."

Justice R. J. Barber has been selected to audit the books of the Home Purchasing Co. and will start work on them Monday, the bookkeeper for the Home Purchasing Co. having assured him that he will complete his work of posting up by that time.

### OFFER FREE BLOCK OF ASPHALT PAVING

#### Bowling Green Concern Wants to Put it Down.

The Street Car Company Asked to Step Lively on South Third Street Work.

#### THE BOARD OF WORKS MET

An asphalt company of Bowling Green, Ky., has written the board of public works here for permission to put down a block of asphalt free of charge in order to demonstrate their work and material. Asphalt is generally regarded as inferior material, especially the kind being made nowadays, and the board instructed the secretary of the board to write to Bowling Green for certain information before replying to the kind offer.

The asphalt, the Bowling Green men want to introduce is the rock asphalt, a different article from the manufactured asphalt. The owners who mine it think they have a good thing, but it has never yet been used very extensively.

Contractor Bridges having complained that the street car company was delaying him on South Third, the board ordered the company to have the work of putting down foundation for its tracks, etc. rushed.

City Engineer L. A. Washington was ordered to prepare estimates for the street paving done by Gardner & Robertson on South Second street.

The street inspector was instructed to put the alley opening into Kentucky avenue near the Greif blacksmith shop between Third and Fourth, in good condition. It was once paved and in good condition, but various companies have come along and torn it up so often that it is now in very bad shape.

Drain pipes were ordered laid about the Riverside hospital to keep surface water from accumulating.

The expected protests of property owners against having to pay for half of the storm water sewerage on the streets to be paved shortly, were held back until the bids are opened tomorrow and it can be ascertained how much the cost will be. City Engineer Washington now thinks that the greatest cost to property owners along the street will likely not be over \$4 a front-foot. The first estimates were \$6.

Daily Thought.

"Boldly face your goal with a stout heart and a determined endeavor, and you will find that things will change for you; but you must see a new world before you can live in it."

SIMPLE WAYS TO KEEP WELL.

This is a good time of the year to be watchful for one's health. In many cities the health department issues through the press timely reminders of simple precautions which are within the reach of all, and may by a little effort, bring about much good.

Louisville has a good health officer, and we are indebted to him for many suggestions, and among them the following "damp from the press:"

"This is the season when every householder in the city should take precautionary measures to prevent disease and if the rules of this department are strictly adhered to there is absolutely no danger in an epidemic of any kind this summer.

"The householders of the city should by all means see that no stagnant water is left in bottles, rain barrels, jugs or other receptacles. Stagnant water serves to propagate mosquitoes and they breed disease. All outhouses should be well supplied with oil.

"Every house should be thoroughly screened because flies carry all manner of filth. There should be plenty of fresh whitewashing all about the premises.

"Particular care should be exercised in eating. I would recommend an abundance of fruits but caution must be used in selecting them. Nothing not ripe should be eaten and nothing over ripe. All drinking water should be boiled until the new filtering plant is completed. Vessels holding milk should be thoroughly scalded and ventilated before used, and above all, people must exercise some care in dressing. Discard everything that is absolutely not essential. Dress cool and do not eat foods which are calculated to heat the blood and above all keep the house and premises clean."

Those captious Democrats who are complaining because Mr. Paul Morton is not prosecuted for rebates charged against the railroad with which he was formerly connected, show a sad degree of fairness. Mr. Morton was vice president of the road, and had nothing to do with minor details such as rebating. It was shown that instead of granting rebates, permitting them, or even knowing of them, he had issued orders that rebates should not be made by the company's agents, and

that is as much as any reasonable person could expect of him. It may be that the railroad as a corporation should be prosecuted, or the agents who made rebates be prosecuted as individuals for specific violations of the law, but to hold that Mr. Morton himself should be prosecuted shows a spirit of vindictiveness and unfairness that can be attributed to only the rankest and most vicious partisanship.

The temper of those who will be called upon to pay \$4 or \$6 a front foot for the street improvements to be made shortly seems to be fully justified. If storm water sewerage is a part of a brick or bituminous street, and should be paid for as the street itself, then all who own property on streets already paved owe the city half of whatever the storm water sewers cost, and should be required to pay it before the people living on streets now to be paved are required to pay half the cost of the storm water sewers on these streets. If the city's attitude is that the storm water sewers are part of the street and must be paid for as such is good law, then it was just as good law when Broadway, Second, Third, Fourth and Fifth streets, were paved, as now.

Speaking of material for the new streets, a number of representative citizens who are going to pay a large portion of the costs, recently went to St. Louis and saw for themselves. They were satisfied with the merits of bituminous compound, and so reported. Property owners will doubtless be willing to take their word for it and ask for the adoption of the bituminous material. In fact to be plain, if the general council adopts any other material than that wanted by those who have investigated the merits of paving material and are going to pay half the cost, it will be a proceeding for which it can offer little excuse or justification.

What if China does "boycott American goods? If it comes to a choice between keeping the Chinks out of our country, where they work for almost nothing and eat in proportion, and having China buy in other markets, sensible Americans will choose the latter. We can get along without selling them our goods but we can't afford to have the yellow men swarming into this country to compete with our labor. Besides, a boycott will likely not last long, for to refuse to buy our goods is like cutting off one's nose to spite his face.

People of Louisville who are fishing for fair elections and honest government are getting another nibble. The "City Club" is its name, and while everybody interested in the good principles it espouses will wish it well, it is feared it will be the same old story in November. It takes something besides good intentions, resolutions and patriotic speeches to carry an election in Louisville, and usually this something is furnished by the policemen, firemen, repeaters and election officers.

Jo Blackburn, "the noblest Roman of them all," is coming down here this evening to hold a seance with the faithful, but the spirit rapping will be mighty faint. Jo is now serving his last term as United States senator, and the Democrats should turn out in goodly numbers to bid him a fond goodbye. His political funeral will be under the auspices of the state machine.

The Democrats have gone through with the sad and perfunctory duty of nominating a ticket in Ohio. It only remains for the Republicans next November to show them the utter futility of it.

The report that Kuropatkin was killed is indeed news. It was generally supposed that he had been a "dead one" for quite awhile.

HIS WIFE MISSING  
AND CHILD GONE

T. C. Beard, of Elva, Here Looking for Family.

Claims Jim Frizzell, who Boarded With Them, Eloped to Cairo With the Woman and Child.

POLICE THERE ARE NOTIFIED.

Mr. T. C. Beard, of Elva, a small station a few miles south of Paducah on the N. C. & St. L. road, is in the city looking for his wife and child, the wife having deserted him and eloped with another man, he claims.

Beard is a farmer and was formerly employed in the tan yards here. He had been boarding a man named Jim Frizzell, who is alleged by the husband to have eloped with his wife. Frizzell, according to the statement of Beard, had been boarding with him for about a year, but he did not suspect anything, when the two picked up and left, taking with them Homer, the six-year-old son of Beard.

The husband immediately came to Paducah and enlisted the services of the local police, who traced the couple to Cairo. It was learned that they took passage Tuesday morning on the steamer Dick Fowler, registering as man and wife, and paid their fare to Cairo. Beard says Frizzell had only \$14 in money when he left and that this would not last long, so he thinks the couple still in Cairo and will go down today to look for them.

All he wants is his child, and Beard stated that he did not intend to prosecute the two.

The local police have notified the Cairo authorities and the couple, found will be held pending the arrival of the husband.

IN THE COURTS

Governor Cox Replies.

Detectives Baker and Moore have received from Gov. Cox, of Tennessee, a letter acknowledging receipt of their petition for the pardon of Walter Williams, colored, serving a jail sentence at Ripley, Tenn., for carrying concealed pistol. Williams was arrested here by the detectives, and he was given such a raw deal at Ripley the officers decided to try to get a pardon for him. Gov. Cox says he will give the petition his careful attention.

Caught in Illinois.

Bud Campbell, colored, wanted at Savannah, Tenn., for a misdemeanor, was caught in Cairo, Ill., and yesterday turned over to Deputy Sheriff Orr, of Savannah. The officer arrived in Paducah with the prisoner yesterday afternoon and kept him in the city prison until the Clyde left last night.

Sam Evitts Surrenders.

Sam Evitts, who was warranted with his brother, City Jailer Tom Evitts, for malicious assault on Officer Sam Beadles, arrived from Bandana yesterday afternoon and this morning surrendered to the police and was released at 10 o'clock on bond. Mr. John T. Lane and others becoming surety. Evitts stated this morning that the report saying he had run away was erroneous and that he did not know he was wanted until he read it in the papers.

He had been in Bandana visiting relatives and when he heard he had been warranted came to Paducah immediately to surrender. He stated that he would be on hand Monday when the trial came up and would easily exonerate himself of the charges in the warrant.

Police Court.

The case of William Wells, white, who is charged with shooting Henry Turner, colored, on June 6th on the Mayfield road, was heard in police court this morning.

Turner was struck in one side by a load from a shotgun, and had been in a precarious condition since until a few days ago, when he recovered sufficiently to be able to come to court. The witnesses, numbering about one dozen, were on hand, but some few were absent, and in order to give both sides ample time to se-

### People and Pleasant Events

#### Newell-Sweeney Wedding a Beautiful Event.

The wedding of Miss Sarah Turner Newell to Mr. David Bomar Sweeney, of Tolar, Tex. at the Broadway Methodist church, yesterday afternoon at 5 o'clock was a very beautiful ceremonial and the large auditorium was crowded with the friends of the bride, who are legion. The church was most effectively decorated. Palms and ferns were gracefully arranged in the chancel and a profusion of Southern smilax and white clematis added to the artistic effect. Miss Virginia Newell, the talented sister of the bride, was at the organ, almost hid behind the bower of green, and played charming selections appropriate to the occasion. The Mendelssohn wedding march was rendered as the party entered the church and "The Rose" was played during the ceremony.

Little Newell Dunlap, of Paris, Tenn., a nephew of the bride, and Sarah Connor, of Paducah, Terrence Gardner, of the city, and Annie Swinney, of Paris, entered first, down the side aisles, crossing at the altar and entering the chancel thus faced the bridal party. They were followed by the ushers, Mr. George E. Cross, of Louisville, and Mr. Marshall Puryear, of Paducah, Mr. Frank L. Taylor, of Louisville, and Mr. Plummer Newell, of the city, who waited outside the chancel rail. The bridesmaids, Miss Evelyn Turner, of Winona, Miss., and Miss Edna Eades, Miss Happy Newell and Miss Mattie Lou McGlathery crossed at the altar and stood beside the ushers. The bride entered with her sister, Mrs. James O. Walker, of Jackson, Tenn., the matron of honor, and the groom with his best man, Mr. David T. Bomar, of Fort Worth, Texas, and were met at the chancel by Rev. T. J. Newell, D. D., the father of the bride, who performed the ceremony in a very impressive manner.

A pretty feature of the wedding group was the presence of three generations of the Newell family in it. The bridal party left the church by the central aisle, which was not used in entering.

The bride wore a charming creation of white crepe de chine over taffeta, with a white picture hat, and carried bride roses with ferns. She looked very lovely and girlish. The matron of honor was very handsome in a pretty costume of white crepe over silk and a white hat and carried pink roses. The bridesmaids were gowned in flowered net dresses over silk, two in pink and two in blue, and carried graceful ribbon bouquets of sweet peas. They wore white hats with blue and pink flower effects and looked especially charming. The little pages and flower girls were dressed in white and carried bouquets of sweet peas.

## MANY CHANGES IN THE KITTY LEAGUE

### The Strike of Cairo Players Causes a Number of New Faces.

### Charles Street May Return to Minor League—Cairo Players Out For Good.

### LAND IS NOT TO BE BENCHED.

There have been many changes in the Kitty league during the past few days—most of them made on account of the strike of Cairo players. There are a number in other clubs, however, although all reports have not been verified.

The Cairo players who struck because Harvey and McNamara were released, as usual got the worst of it. Harvey and McNamara were at once gobbed up after being released, Harvey by Henderson and McNamara by Princeton. The strikers were all suspended and will be put on the blacklist, removing them permanently from association ball.

Cairo has signed Clifford Lane, a college pitcher from Moscow, Ky., who has joined the team and is a south-paw. In two games with Hickman, Ky., recently, he is said to have struck out 41 men, 20 in the first game and 21 the next.

Cairo claims to have a good outfielder in Riley, from the "Bad Lands" of Pennsylvania, with a batting average of .350. Cairo is also said to have secured Charles Street, who left the Kitty league to catch for the Cincinnati Nationals, and has since also been with Boston. Cairo's line-up at present is: Catcher, Dunn; Vitter, first base; Roland, second base; Marre, short stop; Hippert, third base; and Powers, Fleming and Gnat in the out field.

Cairo has secured Angie Marre, pronounced "Marie," who is said to be rich and plays baseball because he likes it. He was with Hopkinsville last season.

After the strike of the Cairo players at Henderson there was a fight at the hotel between Ed. Elsenerger, manager of the team, and Short Stop Blackburn, several blows being exchanged before they were separated.

Cairo has secured Hippert, third baseman, released by Hopkinsville. The Cairo Bulletin says of the strikers:

"Wilder, Wagner, Blackburn, Larsen and Price, the striking ball players, arrived home yesterday from Henderson, where they came near to breaking up the team by refusing to play. The men, for the most part, seem to be sorry that the trouble has ended as it has, and say that their action was with a view to benefiting the team rather than getting anything out of the management of it for themselves."

Manager McCarthy has firmly decided that not a one of the men will

be taken back into the fold and the men are as fully determined not to return. As they are not likely to be given a chance they state that they will leave today for Poplar Bluff, Mo., where they will play independent ball for the remainder of the season."

Nothing is known here about Gus Bonno signing with Vincennes. It is believed that if he had been at liberty he would have given Paducah the preference but it is possible his release was bought.

Cairo is very proud of Vitter, first baseman, and Dunn, the new catcher, and it is now claimed the Mud Walloper will strengthen the team, and get stronger with the addition of the preference but it is possible his release was bought.

Grover Land in a letter to the Sun, states that the report that he had been benched, or was to be benched is a mistake, and someone must be knocking. It was not much believed the report was true, as Paducah has no other catcher to use if there was any desire to bench Land.

Many fans fear that Paducah will now take a tumble as all the teams except Cairo are strong and getting stronger, while Paducah has made but one change since the season opened, and this was to weaken the team by releasing Vahrenhorst. Paducah has won three games and lost four since she started out the last time, three being dropped to Vincennes and one to Princeton. There does not now seem to be any doubt but that Vincennes has the strongest team in the league.

A dispatch from Cairo to today's Memphis Commercial-Appeal gives the following additional baseball news:

"The seven Cairo strikers will be blacklisted if any exception at all is made to this rule it may be in cases of Blackburn and Larsen. However, the management has six or eight new men on the road, and if they are not overrated, the strikers will find themselves disqualified to play league ball for the rest of their lives. Pitchers Wagner and Wilder and Outfielder Price are the others."

"It is said that Vincennes is after the services of Gus Bonno, who wound up the season with Paducah last year. Bonno is with Newark, N. J., and that club wished to farm him out. He will be the best pitcher in the league if the leaders secure him."

"Cairo made an effort to secure the services of Charles Street, formerly with Cincinnati, but St. Louis claimed him and Cairo lost the chance."

"Tommy Smith has become tired of the captaincy of the Princeton team and has shifted the title upon Catcher Downing."

The Sycamore arrived last night from Caseyville with a tow of coal.

The first steamboat whistle of which there is any record was that used on the steamer Lexington. She was a sidewheeler, single engine boat built at Pittsburg for the Mississippi river trade. When she turned her whistle loose and awakened the echoes down the Ohio valley on her maiden trip some of the inhabitants took to the woods and others crowded the shores to view the wondrous sight of a steamboat with a whistle.—Courier-Journal.

Capt. W. H. Daniel, of Jasper, Ind., has written and will publish soon a book containing an account of his sixty years' experience as a steamboatman on the Ohio and Mississippi rivers and their tributaries. He is over eighty-one years of age and was in his day one of the best known men on the river.

The Pittsburgh Leader says: "Rivermen this year have been unusually fortunate so far as rises are concerned. Every month this year the rivers have been at a stage which permitted the shipment of barges at least. More coal has been sent south from this port during the past six months than has been shipped in any one year since 1896. During that year a barge or boat stage was realized every month and coal was sent out. The accidents this season so far have been comparatively few, considering the immense amount of craft that has been moved and the difficulties that had to be overcome where river improvement work is going on. A great number of the barges and boats that were lost have been sunken at Merriman, near Sewickley. A new channel is being cut there, and it is considered about the most dangerous place between this city and Cincinnati. The current at that point changes with the height of the river, and it is almost impossible to tell which way it is sweeping until a fleet enters it."

The steamer St. Charles, now at Paducah, is expected to enter the excursion business in the Missouri river under the management of Capt. Mulkey of Kansas City.—Globe-Democrat.

## The Adventure of the Norwood Builder

No. 2 of the Series

(Continued from yesterday.)

I did so, and, driven by the draft, a coil of gray smoke swirled down the corridor, while the dry straw crackled and flamed.

"Now we must see if we can find this witness for you, Lestrade. Might I ask you all to join in the cry of 'Fire?' Now, then—one, two, three!"

"Fire!" we all yelled.

"Thank you. I will trouble you once again."

"Fire!"

"Just once more, gentlemen, and all together."

"Fire!" The shout must have rung over Norwood.

It had hardly died away when an amazing thing happened. A door suddenly flew open out of what appeared to be solid wall at the end of the corridor and a little wizened man darted out of it like a rabbit out of its burrow.

"Capital!" said Holmes calmly. "Watson, a bucket of water over the straw. That will do! Lestrade, allow me to present you with your principal missing witness, Mr. Jonas Oldacre."

The detective stared at the newcomer with blank amazement. The latter was blinking in the bright light of the corridor and peering at us and at the smoldering fire. It was an odious face—crafty, vicious, malignant, with shifty, light gray eyes and white lashes.

"What's this, then?" said Lestrade at last. "What have you been doing all this time, eh?"

Oldacre gave an uneasy laugh, shrinking back from the furious red face of the angry detective.

"I have done no harm."

"No harm? You have done your best to get an innocent man hanged. If it wasn't for this gentleman here I am not sure that you would not have succeeded."

The wretched creature began to whimper.

"I am sure, sir, it was only my practical joke."

"Oh, a joke, was it? You won't find the laugh on your side, I promise you. Take him down and keep him in the sitting room until I come, Mr. Holmes," he continued when they had gone. "I could not speak before the constables, but I don't mind saying in the presence of Dr. Watson that this is the brightest thing that you have done yet, though it is a mystery to me how you did it. You have saved an innocent man's life, and you have prevented a very grave scandal, which would have ruined my reputation in the force."

Holmes smiled and clapped Lestrade upon the shoulder.

"Instead of being ruined, my good sir, you will find that your reputation has been enormously enhanced. Just make a few alterations in that report which you were writing and they will understand how hard it is to throw dust in the eyes of Inspector Lestrade."

"And you don't want your name to appear?"

"Not at all. The work is its own reward. Perhaps I shall get the credit also at some distant day, when I permit my zealous historian to lay out his foolscap once more—eh, Watson? Well, now, let us see where this rat has been lurking."

A lath and plaster partition had been run across the passage six feet from the end, with a door cunningly concealed in it. It was lit within by slits under the eaves. A few articles of furniture and a supply of food and water were within, together with a number of books and papers.

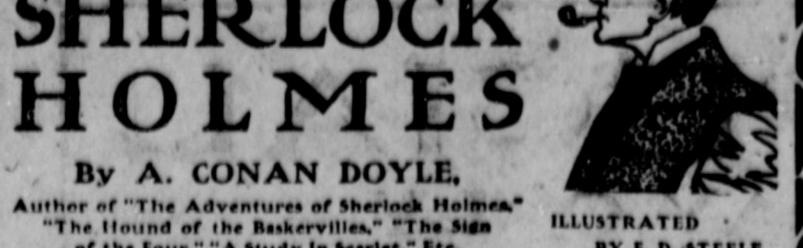

"There's the advantage of being a builder," said Holmes as we came out. "He was able to fix up his own little biding place without any confederate, save, of course, that precious house-keeper of his, whom I should lose no time in adding to your bag, Lestrade."

"I'll take your advice. But how did you know of this place, Mr. Holmes?"

"I made up my mind that the fellow was in hiding in the house. When I paced one corridor and found it six feet shorter than the corresponding one below it was pretty clear where he was. I thought he had not the nerve to be quiet before an alarm of fire. We could, of course, have gone in and taken him, but it amused me to make him reveal himself. Besides, I owed you a little mystification, Lestrade, for your chaff in the morning."

"Well, sir, you certainly got equal with me on that. But how in the world did you know that he was in the house at all?"

"The thumb mark, Lestrade. You said it was final, and so it was in a very different sense. I knew it had not been there the day before. I pay a good deal of attention to matters of detail, as you may have observed, and I had examined the hall and was sure that the wall was clear. Therefore it had been put on during the night."

### MAGNOLIA BLOSSOM

A Popular Remedy for American Women.

A simple, inexpensive home treatment that has cured thousands. It is the most popular remedy for delicate women who need a life and strength giving tonic. It is the leading remedy for all those peculiar ailments of women. Is a simple and lasting cure for all disorders, particularly painful periods, leucorrhœa, displacements, etc. Its low price places it within the reach of all classes.

**MAGNOLIA BLOSSOM**  
has cured thousands of American women who have availed themselves of the superior advantages offered by this simple home treatment which enables them to treat themselves in the privacy of their own homes and applied directly to the parts affected thus avoiding taking strong medicine into the stomach which so often does more harm than good. A testimonial can be furnished from most every section of the country.

Ask your druggist for **MAGNOLIA BLOSSOM**. One dollar for a box containing one month's treatment. Write to the **SOUTH BEND REMEDY CO.**, South Bend, Ind., their book entitled, "A Book for Women," sent free to any address. Letters requiring medical advice referred to our lady physicians and treated with strict confidence.

Sold by W. B. McPherson, Druggist, Fourth and Broadway.

The malignant creature was seated in his own parlor with a policeman upon each side of him.

"It was a joke, my good sir—a practical joke, nothing more," he whined incessantly. "I assure you, sir, that I simply concealed myself in order to see the effect of my disappearance, and I am sure that you would not be so unjust as to imagine that I would have allowed any harm to befall poor young Mr. McFarlane."

"That's for a jury to decide," said Lestrade. "Anyhow, we shall have you on a charge of conspiracy, if not for attempted murder."

"And you'll probably find that your creditors will impound the banking account of Mr. Cornelius," said Holmes.

The little man started and turned his malignant eyes upon my friend.

"I have to thank you for a good deal," said he. "Perhaps I'll pay you some day."

Holmes smiled indulgently.

"I fancy that for some few years you will find your time very fully occupied," said he. "By the way, what was it you put into the wood pile besides your old trousers? A dead dog, or rabbits, or what? You won't tell? Dear me, how very unkind of you! Well, well, I dare say that a couple of rabbits would account both for the blood and for the charred ashes. If ever you write an account, Watson, you can make rabbits serve your turn."

(The End.)

### MYSTERIOUS FIRE

Causes Several Thousand Dollars Loss in Cairo.

Cairo, Ill., June 28.—Fire of a mysterious origin was discovered in the building owned and occupied by Mr. L. C. Herbert at 208 Eighth street about 10 o'clock last night by which the laundry and building were almost totally destroyed.

The building and its contents, including the machinery in the laundry, was valued at about \$12,000 and the only insurance upon it was \$3,000, held by the companies represented by Messrs. H. S. Candee, E. L. Gilbert and C. R. Stuart. Origin unknown.

### CURES OLD SORES.

Westmoreland, Kans., May 5, 1902. Ballard's Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Aliensville, Mifflin, Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Alvey & List, and G. C. C. Kolb, Paducah, Ky.

Apparently the unsophisticated sucker who started in to pay Nan Patterson \$5,000 a week mistook the noisy shouting of the rabble in New York for the voice of the entire country.

## ANOTHER INDUSTRY PROMISED US SOON

Tile and Sewer-Pipe Factory De-  
cides to Locate Here.

This is the Latest Report—Will Be  
a Mammoth Concern, It 4s  
Said.

### A FEW IMPROVEMENT NOTES.

It is stated on good authority that a tile and sewer-pipe factory, to be one of the largest of its kind in the United States, is soon to be established in Paducah, that a site has been selected and practically secured, and that the promoters will soon be ready to make definite announcement of their intentions.

Between \$150,000 and \$300,000 will be invested, and between 300 and 500 men employed.

The gentlemen ask nothing from anyone, the stockholders are already selected and do not reside here, and it is to be a new concern. Very little definite information is given out in regard to it at present, but the Sun is informed that the factory is a certainty and wants nothing from Paducah except to cast its lot here and make tiling and sewer pipe, for the country at large, an industry that is growing every day.

The contract for the Hardy Buggy company building additions and changes was not let yesterday because the contractors did not finish figuring on the work. The contract will be let as soon as possible, as it not desired to lose any time.

Mr. F. Haag, of Henderson, Ky., is at New Richmond. He has bought much valuable land in Ballard county, including the Terrell farm, which he takes possession of the latter part of this year.

Messrs. J. E. Bergin, of Nanticoke, Pa., and J. C. Monteith, of Bloomington, Ind., two of the men in the new Paducah Home Telephone company, organized recently to take over the People's Independent company here, are in the city on business. Before the new company can absorb the old, a suit in federal court has to be decided, formally authorizing it.

The second story of the new Mechanicsburg school has been reached by the workmen, and the building will be rushed to completion.

The two new rooms to the Garfield colored school near Ninth and Trimble streets are nearly finished. They were made necessary by the constantly increasing attendance at this school.

Mr. W. H. Paul, one of the promoters of the Cairo-Paducah interurban railway, has taken a position as foreman for the Bridges company that is paving South Third street.

Contractor Harry Baldwin is now at work with a force of men building the sidewalks on the west side of South Second street, and expects to complete the work by the end of the week. The repairs agreed on by the

city and contractor have been made to the curbing on the west side.

William Barr, chief carpenter for the American Express company, is here putting the new fixtures in the company's office. The work will require about a week and make the company's office one of the finest in the city.

### ANOTHER VICTIM.

B. F. Wheeler Dies From Injuries Received in L. C. Wreck.

Louisville, Ky., June 29.—B. F. Wheeler, of Hodgenville, who was hurt in the wreck at Vine Grove Monday, died from his injuries, making the fourth victim of the accident to die.

### Coming to Kentucky.

Washington, D. C., June 29.—Supervising Inspector General Uhler, of the steamboat inspection service, will soon leave Washington for a tour of inspection of the various ports. He will visit Evansville, and also will go to Louisville, where he will confer with Capt. Eugene L. Dorsey. In his report to President Roosevelt Secretary Metcalf's criticism of the condition of affairs in the Sixth district (Louisville) were mild compared with those directed at other subdivisions of the service. The officials decline to state what action, if any will be taken concerning Inspector Dorsey or the local inspectors under his jurisdiction. This is a phase of the matter, they say, which has not been reached.

### Said to Be Wanted in Eddyville.

B. F. Riddle, white, was arrested this morning by Officers Cross and Terrell and is being held until instructions are received from Eddyville, where it is said he is wanted. It is alleged that Riddle is wanted there for jumping a board bill and the police received word this morning to look out for him. Officers Terrell and Cross found him shortly after the order was received.

### To Celebrate at Golconda.

The Red Men, Odd Fellows and the Knights of Pythias, are going to have a celebration on July the Fourth at Golconda, Ill.

A boat will run from Paducah and the day spent in speeches, music and athletic events.

### President Off for Oyster Bay.

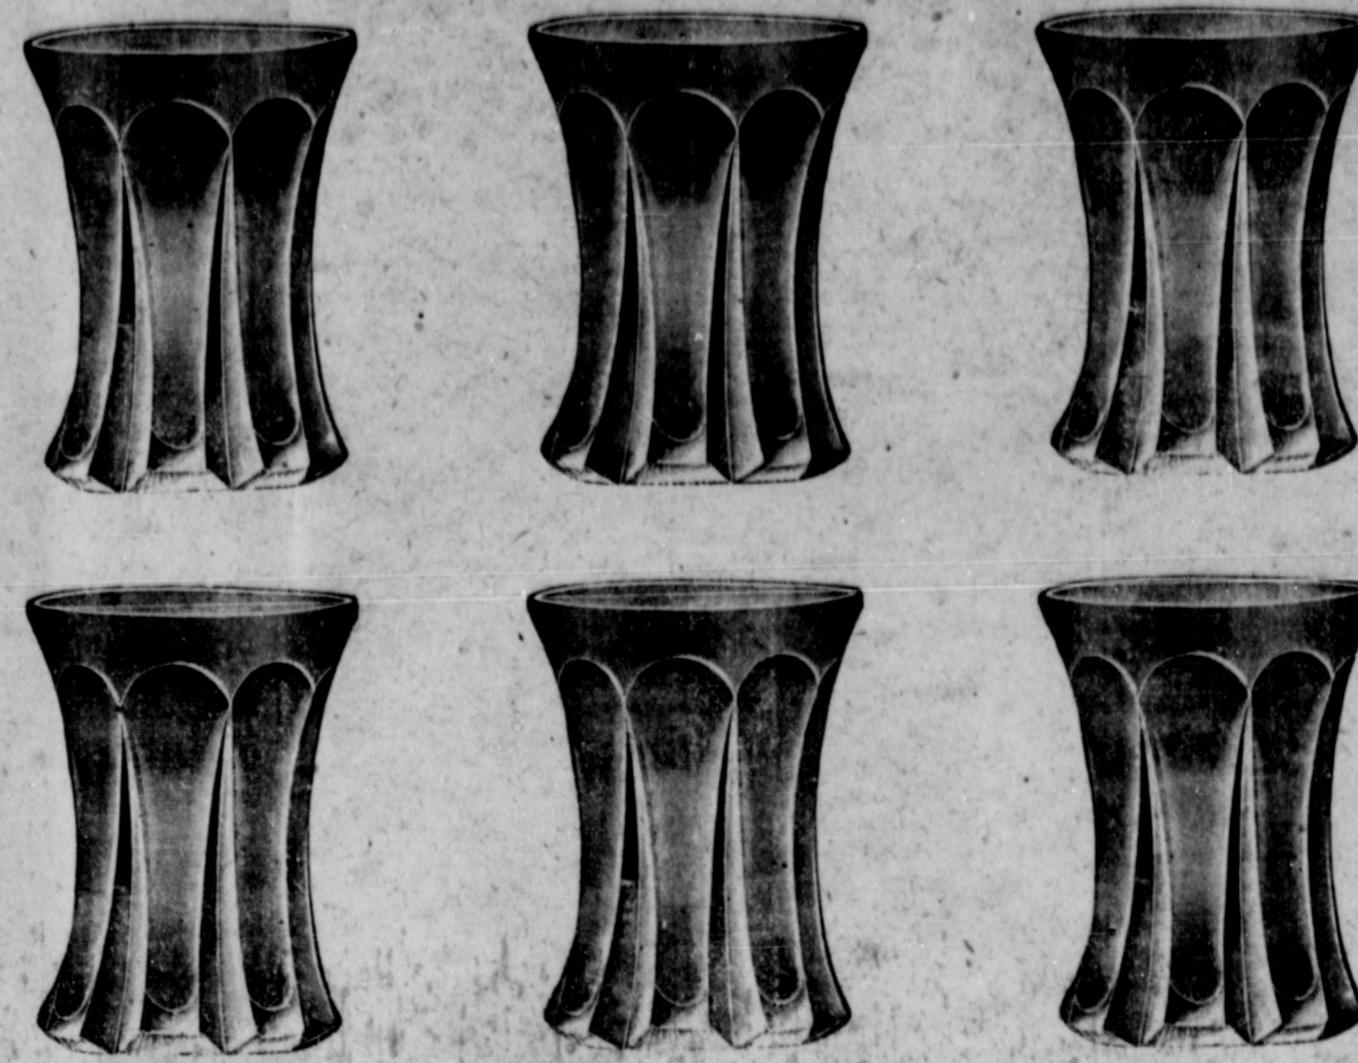

Bridgeport, Conn., June 29—President Roosevelt arrived this morning and after delivering a ten minute speech, boarded his private yacht Sylph for Oyster Bay.

Engineer Bobbitt, who was cut in the neck by a drunken negro at Mayfield a short time ago, has sufficiently improved to be discharged from the Illinois Central hospital and is at his home at Ninth and Adams. The trial of the negro has not been set. At last accounts the prisoner was still in jail at Murray, where he was taken for safe keeping.

Dr. Edwin Mims, of Trinity College, Durham, N. C., arrived last evening from New York to join Mrs. Mims, who has been the guest of his mother, Mrs. T. H. Puryear, of Jefferson street for several weeks.

Mr. W. A. Kellar, gardener of the Louisville division of the I. C., was in Paducah today looking after the local L. C. lawns and flower beds.
